Post graduate school in Oncology

Extracellular vesicles: from biology to disease

Date	Time	Lecture	Subject
24-10-2022	9.30-11.30	Lecture 1	Overview of extracellular vesicles
25-10-2022	9.30-11.30	Lecture 2	Methods to isolate and characterise extracellular vesicles
26-10-2022	9.30-11.30	Lecture 3	Extracellular vesicle functions and examples of their involvement in diseases
27-10-2022	9.30-11.30	Lecture 4	Extracellular vesicles in cancer
28-10-2022	9.30-11.30	Lecture 5	Extracellular vesicles subpopulations: from cell line to tissue
