

“From Padua University to G. d’Annunzio University : a Chemistry Tour”.

A day in honour of Prof. Mario Bressan

June 27, 2018

Auditorium, c/o Rettorato - Campus di Chieti
Università degli Studi “G. d’Annunzio”

9:00 – 9:30 Institutional Greetings
Prof. **Sergio Caputi**
Rector of the University of Chieti-Pescara “G. d’Annunzio”, Italy

Prof. **Angelo Cichelli**
Director of School of Advanced Studies
University of Chieti-Pescara “G. d’Annunzio”, Italy

Chair: Prof. **Nazzareno Re**
University of Chieti-Pescara “G. d’Annunzio”, Italy

9:30-10:00 Biomimetic Methane Monooxygenase Models: Oxidation Studies of Alcohols, Alkanes, and Alkenes Utilizing H₂O₂, TBHP, and O₂, including Mechanistic Aspects
Prof. **Richard H. Fish**
Lawrence Berkeley National Laboratory,
University of California, Berkeley, USA

10:00-10:30 Past and present coordination chemistry in Padua: a personal view
Prof. **Marino Basato**
University of Padua

10:30-11:00 Coffee break

11:00-11:30 An openminded view from Innovation to Space Exploration
Prof. **Gian Gabriele Ori**
Int’l Research School of Planetary Sciences
University of Chieti-Pescara “G. d’Annunzio”, Italy

11:30-12:00 Nanoscience and Biomass: An Uncommon Combination for a Modern Green Chemistry
Prof. **Nicola D’Alessandro**
University of Chieti-Pescara “G. d’Annunzio”, Italy

12:00-12:30 Free Soul and Radical in Cage
Dr. **Arduino Arduini**
CEO CoreQuest
Manno, Switzerland
